### The Director's Corner

The Neighborhood Clinic's annual report is a wonderful opportunity to express how much we appreciate you - our donors and volunteers. It cannot be said often enough or loud enough. You have touched many many lives with your generosity.

Scores of people have a chance to live a better, healthier life because you took the time to share what you have to give...your compassion and overwhelming kindness to those less fortunate. This last year because of YOU, we provided free health care for 1902 individuals.

Because of you, as well, we had a very successful fundraiser at the Yacht Club. Our small, but mighty, committee worked miracles to make it a fun event and succeeded in bringing in additional funds to provide care for 1000 patient visits.

"Never doubt that a small group of thoughtful, committed citizens can change the world, indeed, it's the only thing that ever has."

- Margaret Mead

# Our First Annual Auction A HUGE Success.... And Loads of Fun Too!

Our First Annual Auction was held the evening of October 12th at the Tacoma Yacht Club, and, thanks to tireless volunteers (listed below) and supporters both new and old, it was a huge success! One of the highlights of the evening was the presentation of The Neighborly Award, given in memory of Dr. Joe Robinette, a longtime volunteer at the Clinic with a special gift for listening to each and everyone's story, no matter the circumstances.

This year's recipient was Bette Miller, RN, given in recognition of her commitment to our community through her volunteer work for over 25 yrs at Neighborhood Clinic. Bette was the Clinic Coordinator for 3 years, and served as the Executive Director of the Neighborhood Clinic for 18 years. While volunteering her nursing skills at evening clinic she always makes each patient feel at home and well cared for.

**We hope to see all of your smiling faces at this years auction on September 27th!**

**Neighborhood Clinic** provides access to quality healthcare for uninsured, mostly low income adults. Some of our patients work more than one job, struggle to make ends meet, and suffer from chronic illness – though we provide primarily urgent care for episodic illness. They depend on free clinics to provide the medical care they need so that they can continue to work, take care of their families, and function well in the community.

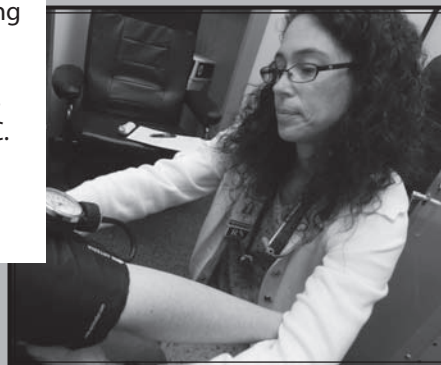

## Neighborhood Clinic Welcomes Two New Board Members!

A big welcome to Chris Cowan and Angela Lee, our two new Board Members. Angela joined our board in the Spring of 2012 and Chris arrived shortly after her in the Fall. We are grateful for their expertise in very different areas, and commitment to furthering our mission. Read on to find out a bit about each of them...

I have been a Registered Nurse for 20 years. In that time I have worked in a variety of settings but my most current endeavors include full time employment as a hospice RN and work in my own non profit organization. I am in the second year of Hospice Without Borders, a non profit dedicated to improving access to end of life care here and abroad. We are getting ready to start a free, mobile palliative care clinic for the homeless in Olympia, thus I am becoming acquainted with free clinic operations.

I was recognized as Nurse of the Year March of Dimes 2012, and International Nurse of the Year 2013 ELNEC. These two awards came to me as a result of my work at the Neighborhood Clinic and my own non profit Hospice Without Borders.

**Angela Lee**

**Chris Cowan**

Howdy! My name is Chris Cowan and I'm an Account Manager for Rusty George Creative. I graduated from Eastern Washington University in 2001 with a BA in Graphic Communications and quickly implanted myself into the Tacoma community. I'm eager to share my 13 years of advertising, marketing & event planning experience with the Neighborhood Clinic.
